Lobby Check-In Notification Consent

To notify employees about visitors that enter the lobby of the company who are requesting to see them, Beaumont may send alerts via (SMS) text message and/or push notifications to employees who opt in. Employee participation is voluntary, but highly recommended. Employees will be notified via their company sponsored email, but this type of notification may result in visitors, both personal and professional, waiting in the lobby for longer than necessary. There will only be one SMS and/or push notification per individual registering in the lobby. For example, if a vendor sends two representatives to visit the facility and both register through the check-in system as they are required, then the employee can expect to get a notification for each. The visitor is required to enter their full name and a valid phone number. The notification the employee will receive will give the visitor's name and phone number, saying they are waiting in the lobby. It should also be understood that Beaumont is not required to reimburse employees for the use of mobile data or text messages to receive notifications. Employees and visitors should not assume data is private.

Employee Preference

☐ **Yes, opt me in!** I authorize Beaumont to send alerts/communications to my cell phone as provided below, or any updated cell phone numbers I provide going forward. I understand that these notifications are for the benefit and convenience both for myself and our visitors. If you currently do not have people coming through the HG lobby to see you for whatever reason, then this is unlikely to affect you; however, if you get visitors, then you know what you can expect in volume of SMS or push notifications. I also understand that message and data rates associated with these alerts/communications may apply. I agree not to hold Beaumont liable for any charges or fees generated from such alerts/communications. I understand that I may revoke my consent at any time by contacting the HR Department. If your cell phone number changes, please contact HR so they can update the system. If you have any questions or concerns after opting in, please share them with HR.

Employee Name: _____ Cell Phone: _____

☐ **No, I do not authorize such communications.** Beaumont will still provide notification of visitors to the best of their ability, but it is understood that the notification may not be received as quickly and effectively as possible. I understand that I can change my selection at any point in time by contacting the HR Department.

Employee Acknowledgement

By signing below, I certify that I have read, understand, and agree to the foregoing and that, if I have opted in, Beaumont may send alerts/communications to my cell phone number and/or email address as provided above.
